

Leading the way in consumer engagement with victims of sexual assault

The Townsville Region Sexual Assault Response Team (SART) is a multidisciplinary, specialist team that comprises Social Workers, sexual assault support workers, detectives, forensic nurses, and emergency department staff, that aims to provide a 24 hour coordinated crisis response, that is holistic, timely and trauma informed.

Guided by the perspectives of victims of sexual violence, the organisations involved acknowledge that individual healing and recovery, necessitates direct service delivery responsive to consumer needs.
